"Brother members of our party think that close contact is unnecessary. I Adolph frankly oppose this view, but as the Mrs. H. F. BARON BURIAN SOUGHT TO POSTPONE DRIVE

Austro-Hungarian Foreign Minister Pointed Out Grave Results If Offensive Failed.

(Associated Press.)

London, June 24.—One of the princi-pal objects of the recent visit to Germany of Baron Burian, the Austro-Hungarian foreign minister, was to obtain consent for an indefinite postponement of the Austrian offensive, the correspondent of the Daily Mail at Annemasse, on the Franco-Swiss border, says he learns from an unimeachable source.

Baron Burian pointed out that failure of the drive in confunction with the threatening food problem and race questions might lead to the gravest internal disorders, even revolution, but if Austria were permitted to remain on the defensive the breadless situation might be tided over.

Berlin, it is added, insisted that an mmediate offensive was necessary to relieve the western front and to rehabilitate Austria with the German

BIG DRIVE LAUNCHED FOR SALE THRIFT STAMPS

Chattanooga Retail Grocers' Association Promises to Join 100 Per Cent. Class.

The big drive is on. Beginning Monday morning and reaching the climax next Friday, when thirty-seven meetings will be held in the city and suburbs, the drive will continue with unabated vigor. The Rotary and Ki-wanis clubs have charge of the individual canvass work of the city and suburbs and entire confidence is ex-pressed that Hamilton county will over-subscribe her quota of \$2,187,000. More than \$1,000,000 of this amount

has already been pledged. The United Grocers' association, which has sixty-five members, has orsanized for the purpose of selling war savings stamps. Of the sixty-five mem-bers fifty-three have subscribed \$4,500 to date. The officers are samuel Soloff, president, Phillip Preas, secretary, and Sol Dubrof, treasurer. This association is comprised of retail grocery merchants. The twelve members who have not yet subscr.bed will be seen by President Soloff Tues-day, and no doubt is expressed but that every member will pledge and put this association in the one hun-

president, announced to his employes that he would personally add a ten per cent. bonus on all war stamps bought by the employes during the last six months of the year. This is practically the most generous attitude taken by the head of any of the concerns having war savings societies and is fardifferent form an article in the Tennessee Thrift News about certain merchants and others in Tennessee. "It seems to be a big burden, in the eyes of certain merchants tion to offer thrift stamps to their customers as they appear before their counters. To others it seems apparently a great sacrifice of a little day-light to permit the hanging of war savings posters in their windows. Hundreds of merchants are known in the state who have never asked a person to buy a thrift stamp or permitted an employe to do so. There seems to be a fear that a quarter will escape the merchant's cash drawer if this very essential government enterprise

is given a little encouragement.
"Such slacker merchants exist in every city in the state, and toamuch lesser degree in the smaller towns. It may not have appeared to some of these that the war savings organiza-tion fully advised who these are and the time is likely to come when embarrassing publicity may be given them. One of the most reprehensible Federation Almost Hostile of all classes of slacker merchants is the fellow who has signed up as an authorized agent and then not sold even one thrift stamp—or at least not solicited a sale. He has received the benefit of the patriotic advertising and yet failed to aid his government and the soldiers in the field to any extent whatever.

"Some day it is likely there will be Sparta, White county, where one newspaper showed up a leading firm that has shunted every war duty. Adolph Mathis, state organizer of merchants, is in possession of some very damaging information regarding slacker merchants."
